

## Fiji Islands

# LAUCALA ISLAND

## Laucala Island

Laucala Island offers unexpected variations of its landscape, showcasing untouched mangroves changing into white sandy beaches, volcanic mountains and lush tropical vegetation. All residences feature captivating views, large living spaces and bedrooms, private pools and special services such as a private cook, a chauffeur and a nanny. The main pool complete with lap pool and sand bottom lagoon features little islands for relaxation and sunbathing, shaped for privacy of the guests.

The integral philosophy encompasses the whole island, growing own livestock and vegetables, caring for own poultry and hand making all guest products, using the islands natural resources. Fine dining and casual settings, sophisticated, modern Pacific influenced cuisine and small tasting plates are served throughout the day, wherever guests decide to spend the day. The broad range of activities include trail riding, game fishing, tailor made spa journeys and tennis, as well as yoga and beach combing. The 18-hole golf course is uniquely set in the old plantation surrounded by dramatic mountains.
